

PARKER

ESTATE

Each vintage, our winemakers keep a few special barrels aside allowing them to experiment with various varietal, vineyard and regional compositions. These wines are as limited as they are unique and as such, are generally only made available through our cellar door.

SMALL BATCH WINE (SBW) THE QUANDARY 2023

Quandary indeed. What to do with a handful of pristine parcels of aromatic white that when blended, make a delicious Summer Dry White? Winemaker's notes were "Delicate white flowers, jasmine, blossom, juicy stone fruits, zesty acid, fine, fresh - a bloody good drink (BGD)." So we bottled it. Santé!

VITICULTURE

The Limestone Coast is South Australia's most underrated wine region. The cooling influence of the Southern Ocean that laps at its shores results in elegant wines with a fresh acidity. The perfect ingredients for a crunchy, easy drinking summer dry white.

2023 was a mild and wet growing season which led into a mild harvest with intermittent rain periods.

WINEMAKING

A premium selection of white aromatic varieties from the Limestone Coast: Pinot Gris, Semillion, Riesling, Sauvignon Blanc and Fiano. All fermented separately in stainless steel to capture varietal purity, before maturing a small portion in seasoned oak before blending.

TASTING NOTES

Colour | Pale, yellow, green hues

Aromas | Orchard fruits in abundance; pear, apple & peach

Palate | A juicy profile with orchard fruits, sweet stone fruits, zesty acidity and a lovely flavourful finish

ANALYSIS

Alcohol | 12.5%
